

**3 SURFACES -
1 SOLUTION!**

★★★ PREMIUM 3 IN 1

High cutting ability

Convincing lifetime

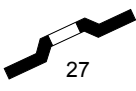

Top grinding results with one wheel for 3 workpiece materials!

New multifunctional grinding wheel is very convincing for applications on steel, stainless steel and cast iron.

Convincing benefits

- Developed for application on steel, stainless steel and cast iron
- Optimized grinding wheel has persuasive stock removal rate and lifetime – top savings
- Manufactured according to the highest quality and safety standards

Shape	Dimensions	Specification	Type-No.	Remarks	Material	Machine
 27	115x7x22,23	ZA30Q-BFR	466744	especially for steel, stainless steel and cast iron for angle grinders: ø 115, 125 mm bis 1.400 Watt ø 180, 230 mm bis 2.500 Watt		
	125x7x22,23	ZA30Q-BFR	466749			
	178x7x22,23	ZA30Q-BFR	466754			
	230x7x22,23	ZA30Q-BFR	466762			

Facts and Figures

- $v_s = 80$ m/s
- Resinoid bond
- Fibre glass reinforcement
- Free of Fe-, S-, Cl-, F ($\leq 0,1\%$)

Customer benefits

- Less vibration due to optimized grinding wheel structure
- Reduced warehousing costs (one product for three materials)
- Ensures optimum stock removal performance under the best of working conditions
- Chemical purity guarantees workpiece neutrality (no workpiece contamination)
