

DRIVE UNIT BE-S2

OUTPUT 14 KW

Easy to use, since motor can be detached

Can also be used with 16A mains

- The lightest 14 kW drive for professional concrete processing
- Powerful, simple and handy
- Optimum for hydraulic drilling and hand saws

TYROLIT

Technical data

ELECTRIC MOTOR	
Output	14 kW

HYDRAULICS	
Pressure stages	2
Main circuit	Gear pump

OUTPUT	
Stage 1	33 l/min at 120 bar
Stage 2	33 l/min at 170 bar

ELECTRICAL EQUIPMENT	
Voltage	400 V
Frequency	50 Hz
Power consumption, pressure level 1	16A
Power consumption, pressure level 2	32A
Phase inverter connector	

DIMENSIONS	
Length	760 mm
Width	520 mm
Height	950 mm
Weight	80 kg
