

DRIVE UNIT PGH18★★

OUTPUT 18 HP

Crane suspension for easy transport

Ergonomically arranged controls with 3 settings for optimum speeds

Petrol motor with ignition key

- Suitable for handheld saws, chain saws and hydraulic drills
- Power-independent and therefore flexibly deployable thanks to petrol motor
- Optimum cutting speed thanks to 3 pressure levels for power regulation

Technical data

PETROL MOTOR	
Output	18 HP

HYDRAULICS	
Pressure stages	3

OUTPUT	
Stage 1	20 l/min at 120 bar
Stage 2	30 l/min at 120 bar
Stage 3	40 l/min at 120 bar

DIMENSIONS	
Length	805 mm
Width	625 mm
Height	695 mm
Weight	105 kg
