

# DRIVE UNIT AU

WORKING PRESSURE UP TO 2000 BAR

User friendly thanks to clear control and operating elements

Accessories: Distribution head for 8 press tools

Two separately controllable outputs for controlled pressing work

- Suitable for press tools CP110 and BTH350\*\*\*
- Pressing force of up to 2100 tons
- Robust due to compact design

## Technical data

HYDRAULICS	
Press force	30 l/min at 2000 bar
Low pressure	2.4 l/min at 150 bar
Booster pressure	14.4 l/min at 80 bar
Oil tank capacity	13 litres

MOTOR	
Electric motor	Air-cooled
Voltage	200 V / 230 V / 380 V / 400 V / 460 V
Current (400V)	10 A
Frequency	50 Hz / 60 Hz
Output	2.2 kW

CONNECTIONS	
High pressure	2 off (optionally 8 pcs.)
Low pressure	4 off (optionally 8 pcs.)

DIMENSIONS & WEIGHT	
Length	750 mm
Width	560 mm
Height	755 mm
Weight	127 kg

## System & accessories

DRIVE UNIT AU	
975754	High pressure drive unit AU 400/50 EU
975761	Tool box

VOLTAGE VARIATIONS	
975754	High pressure drive unit AU 400/50 EU
964889	High pressure drive unit AU.1 200/50 J50
976617	High pressure drive unit AU.2 460/60 USA
964936	High pressure drive unit AU.3 200/60 J60
964937	High pressure drive unit AU.5 230/50 N

ACCESSORIES	
973071	El.-plug CEE 16/5pol.
974045	4-way HP adaptor unit
970300	Adaptor M24-1/4" for SP
974053	Return nipple complete CP/SP
974054	Screw nipple complete CP/SP
974050	Screwing set CP/SP
